

Small but **powerful** meeting room mic

Crystal **clear** super **wideband** audio

**Detects** and rejects unwanted **noise**

**Sensitive** and **resistant** to cell phone buzz

**Natural** sound quality

## EVERYTHING YOU NEED TO KNOW

You'll be astonished by the sound quality of this beautiful microphone.

### Highlights for your business

- Increases business meeting efficiency by sending great audio quality
- Style and function combine to enhance the meeting room video experience
- Natural sound quality equal to a face-to-face meeting
- So sensitive that it filters out unwanted noise before it becomes a nuisance
- Convenient mute button ensures privacy when needed

### @ a Glance

- Designed to work exclusively with StarLeaf meeting room video conferencing solutions, and the Conference Phone 2220, in both cases two Telepresence Microphones can be attached
- This highly sensitive yet small table-top mic is not to be underestimated, delivering high fidelity audio for small to large meeting spaces
- Omni-directional pick-up pattern
- High signal to noise ratio will isolate even the quietest of speakers
- Detects and rejects unwanted noise
- Tight integration with StarLeaf touchscreen controller provides dual control for muting and unmuting during a meeting
- Sends super wideband audio
