

## Pronto Cable USB

### Meet and share in an instant

StarLeaf Pronto transforms the enterprise meeting room experience allowing users to meet and share in an instant.

Simply connect Pronto to your laptop computer and your screen is instantaneously shared with the room so that you are ready to present immediately.

Your StarLeaf meetings are also synchronized with the room system allowing you to join with one touch.

## Seamless instant connectivity

- Smart dual connector with support for both USB-A and USB-C connectivity
- Connects to any Windows and macOS laptop with no need for adapters
- No need to run additional software for StarLeaf users
- Visitors and guests can share seamlessly and securely

## Enterprise ready

- Secure wired connectivity with all data transmission encrypted
- Automatic software updates ensure all systems are always up to date
- Centralized management, monitoring, and reporting

## About StarLeaf

StarLeaf enables seamless collaboration through intelligently-engineered reliable meeting room systems, superior video conferencing and secure messaging.

# Pronto Cable USB
